## MULTILINGUAL ACADEMY POLICIES AND PROCEDURES

All information herein is current as of January 1st, 2024. The information is subject to change. If policies or procedures change, Multilingual Academy office staff will provide timely written notice to parents. An additional copy will be posted on the "Parents Need to Know" board.

### Philosophy

Multilingual Academy believes each child has an amazing potential to become a successful global citizen. Our main goal is to develop the linguistic and cultural abilities of all children under our care, by providing a safe and nurturing environment that values and respects every child's inherent talents, intelligence and individual needs.

### Our Mission

Our English-Spanish-French-Mandarin Chinese-Sign Language ASL early immersion program is designed to develop the signing, speaking, reading, writing and cultural abilities of every child at Multilingual Academy. Our experienced and caring teachers encourage each child's cognitive, physical, social and emotional development. In order to create and sustain a joyous educational environment and to enable each child to realize his or her richest potential, we:

- Provide a stimulating and nurturing environment with a balance of social, emotional and intellectual support.
- Work cooperatively with parents to create a warm, loving and challenging environment for each child.
- Focus on each child's development of cognitive skills, self-esteem, independence and personal responsibility.
- Encourage the self-motivation and self-discipline that will lead to a life-long pursuit of knowledge.
- Keep the size of each group small to offer the children more individual attention from their teachers, in a positive and nurturing manner.
- Recognize that children learn and develop skills through play. Play is the child's work. Our teachers carefully observe children's play and assist them in making discoveries and acquiring real-life skills.

## Multilingual Academy Staff

All teachers and staff at Multilingual Academy are carefully selected from a variety of applicants who have a background and experience in early education. We maintain a low student to teacher ratio ensuring that your child is always adequately supervised, enabling our teachers to better get to know the children. Our staff is also required to obtain 32 credit hours of childcare training each year. We are trained in recognizing signs and symptoms of child abuse/neglect, and are required by law to report any signs or suspicions.

You can find an updated list of Multilingual Academy's employees posted in our "Parents Need to Know" board.

## Multilingual Curriculum

Multilingual Academy is a language immersion early learning center with a 3-language-way model, meaning that instructional time is broken into 3 sections throughout the day: English, Spanish and Mandarin Chinese. All teachers work together to develop the class curriculum, units, vocabulary and activities, while sign language is embedded in all activities and additional language lessons.

Our Academy has a whole-school investment model in the multilingual curriculum, which is integrated in the curriculum, units and all activities through a multicultural focus. We appreciate all cultures and languages spoken by our children and their families, and we strive to maintain a welcoming atmosphere that is culturally and linguistically responsive.

In addition to learning multiple languages, our students are introduced to life in other countries through regular interaction with teachers, parents, and community members from other cultures, as well as school-wide cultural celebrations and service-learning projects.

## Multilingual Academy's Curriculum is based on the following Standards of High Quality Early Childhood Education:

1. Promote positive relationships for all children and adults to encourage each child's sense of individual work.
2. Implement a curriculum that fosters all areas of child development: cognitive, emotional, language, physical, and social.
3. Use developmentally, culturally, and linguistically, appropriate and effective teaching approaches.
4. Provide ongoing assessments of a child's learning and development and communicate the child's progress to the family.
5. Promote the nutrition and health of children and protect children and staff from injury and illness.

6. Employing teaching staff that have the educational qualifications, knowledge, and professional commitment necessary to promote children's learning and development and to support families' diverse needs and interests.
7. Establish and maintain collaborative relationships with each child's family.
8. Establish relationships with and use the resources of the community to support the achievement of program goals.
9. Provide a safe and healthy physical environment.
10. Implement strong personnel, fiscal, and program management policies so that all children, families, and staff have high-quality experiences.

## Admission Policy

Multilingual Academy has a policy of nondiscrimination in relation to ancestry, national origin, religion, gender basis prohibited by law in all aspects of operation including, but not limited to enrollment and termination of enrollment. The center respects diversity and incorporates it into the daily curriculum. Multilingual Academy is open to serve all families in the community of Bryan/ College Station and nearby areas.

## Withdrawal Policy

**NOTE: When withdrawing a child a "Parent Withdrawal Form" must be submitted 30 days before the next month's tuition is due. Any withdrawals made without the 30-day period will result in the automatic charge of next month's tuition plus a fine of \$500 additional to any tuition fees already charged for the corresponding month.**

Please know that all the changes, rotations and class combinations are always done in the best interest of your children and they are never left without a lead teacher to take good care of them all. - If after two weeks the daycare staff has not been able to reach the parents, the child will be dismissed from the program without any tuition refund, and a dismissal notification will be sent to parents through our ProCare App.

## Health Check

The health and well-being of each child at Multilingual Academy is of the utmost importance to us, therefore MLA staff will conduct a "Daily health and materials check" before the parent's leave (PARENTS MUST SIGN AND AGREE WITH THE FINDINGS OF THE HEALTH CHECK

AND PROVIDE ANY OF THE MISSING MATERIALS/ITEMS/FOOD, BEFORE THE CHILD CAN BE ACCEPTED).

The results of the health check will be determined by the center's staff, not the parent, on whether or not the child remains in care for that day. The exclusion of an ill child from care is determined by:

- Whether or not the child can participate in the activities planned for the day in his/her classroom/age group
- Whether or not the child requires more care than the staff can provide without compromising the care needs of the other children at the center
- Whether keeping the child in care will pose an increased risk to other children and adults at the center

**\*\*Challenging behavior from parents towards MLA staff in regards to the decision of excluding children from care may result in an enrollment dismissal warning or immediate termination\*\***

## Illness and Exclusion

*Complies with Section 746.3601 and 746.3603 and 746.3605 of the Minimum Standard for Child-Care Centers*

· Also, due to the health and well-being of each child at Multilingual Academy, we will strictly adhere to the following illness and exclusion criteria:

- Fever as measured by a temperature of 100 degrees Fahrenheit or higher
- Vomiting (two or more episodes in 24 hours)
- Swelling/Redness of the Throat
- Constant Cough
- Extreme Fatigue/Lethargy
- Head Lice
- Reddened/Draining Eyes
- Skin Rash
- Bumps on Hands, Feet and/or Throat
- Uncontrollable Diarrhea
- Mouth Sores
- Diagnosis of a communicable disease by a healthcare professional with no medical documentation that the child is no longer contagious

· If a child is suspected of having a contagious condition, a parent or authorized pick-up person must arrive at the childcare center as soon as possible, but not to exceed 1 hour after being called (PARENTS WHO FAIL TO PICK-UP THEIR CHILD AFTER 1 HOUR OF RECEIVING A CALL FROM OUR STAFF WILL BE CHARGED \$10 PER MINUTE ON THE AUTHORIZED CREDIT CARD PROVIDED FOR THE CHILD'S FILE).

· Illness reports will be generated and must be signed and dated by both a Multilingual Academy's staff member and a parent.

- A child must be fever free and symptom free without the use of fever relieving or other medications for a period of 24 hours before they will be allowed to return to the center.
- If a child leaves with any condition that the MLA staff considers that must be addressed by a health professional before the child may return to care, the parents accept the responsibility of consulting with a health professional and agree to submit a detailed note with a diagnosis that explains the condition or illness in detail, and provides a medical opinion on whether it is safe, and when the child can return to a childcare setting.
- If a child is diagnosed as having a contagious condition, parents should notify Multilingual Academy as soon as possible so we can alert other families. **Confidentiality will be upheld.**

MLA will follow all CDC guidelines regarding COVID-19 in addition to any extra directions given by the Health Department at the moment of reporting a positive case, quarantine procedures and timeframes stated the agency will be shared to parents on a detailed report sent through the Procure App to inform parents.

## **Discipline and Guidance**

### ***Complies with Subchapter L, Discipline and Guidance of the Minimum Standard for Child-Care Centers***

Multilingual Academy uses positive methods of discipline and guidance. Our goal is to help develop and build a child's self-esteem and confidence. We believe that every child should learn to take ownership of their actions and learn to make appropriate choices before acting. Our staff will attempt to avoid discipline problems by:

- Making rules clear and simple
- Being consistent when dealing with children

The staff is trained in the principles of emotional intelligence with focus on young children and will be flexible in their approach to discouraging a potential problem.

Specific techniques used by all staff for discipline will be to:

- Speak to the child at his/her level while maintaining eye contact and using a calm voice
- Listen to the child's explanation of his/her behavior
- Remind the child of rules at school
- Speak to the child in positive, not negative terms

- Remove the child from the group and placing in time out for one min of their age (example; 2 year old=2 minutes, 3 year old=3 minutes, 4 year old= 4 minutes, and 5 year old= 5 minutes)

**\*\*Aggressive behavior will be handled immediately\*\***

- Discipline will be individualized and consistent for each child, appropriate to the child's level of understanding, and directed toward teaching the child acceptable behavior and self-control.
- A caregiver will only use Multilingual Academy's "Self-Responsibility" methods of discipline (Self-Responsibility Discipline Method teach the child to be responsible for his/her acts, and learn to make good choices that lead to positive outcomes) and guidance that encourage self-esteem, self-control, and self-direction, which include at least the following:
  - o Using praise and encouragement of good behavior instead of focusing only upon unacceptable behavior;
  - o Reminding a child of behavior expectations daily by using clear, positive statements
  - o Redirecting behavior using positive statements
  - o Using brief supervised separation or time out from the group, when appropriate for the child's age and development, which is limited to no more than one minute per year of the child's age

**\*Multilingual Academy will not use harsh, cruel, or unusual treatment of any child.**

## Discipline Reports

Multilingual Academy directors and staff will try every means possible to avoid having to write a child up, but unfortunately there are times that it may come to that process when necessary. After a child's initial write-up, the consequences for further misbehavior are as follows. Dismissal may occur for an inappropriate behavior of a child which violates the rights of theirs and/or which shows no improvement after the following steps are taken to change such behavior. (We understand that many toddlers go through developmental stages of hitting, biting, etc. Parents and teachers will work closely to resolve these stages while protecting the other students).

Our teachers follow a 4 step process when it comes to write-ups for a child.

1. Parents are notified about the child's behavior by a note through our Kinderlime app and/or phone call.
2. A conference is held with parents, teachers, and the director to develop a plan to deal with inappropriate behavior.
3. A second conference is held between the parents, teacher, and director to reevaluate the inappropriate behavior.
4. One week suspension from school (If a child is sent home on a Monday, they may not return back to school for one week until the following Tuesday).
5. The child is dismissed from the program when no improvements are seen within the time period that is to be set by the director, teacher, and parent of the child.

\*During each parent conference, the parent is expected to work with the director and other teachers in helping to address the behavioral issues of the child, so as to avoid any further suspensions and ultimately expulsion from the program.

**Multilingual Academy is deeply committed to seeing your child grow in their time in our facility and we want to avoid having to use these more serious discipline actions. Please be aware that we do hold the right to bypass any of these steps and act immediately with the more severe consequences such as suspension and expulsion.**

## Biting Policy

Biting is a very common problem with younger children. Toddlers often bite out of frustration. Although biting is a natural behavior for young children, we do everything possible to prevent it. When a biting incident occurs, we calm the child who has been bitten, clean the area thoroughly with soap and water and apply a cold compress to the area. The parents of the bitten child are informed of the bite via the accident report; the parents of the child who bit are also informed.

We talk to the child who did the biting and calmly but firmly explain that biting hurts and that biting is not allowed. We then explain that when we touch someone it must be a gentle touch. When biting continues, we plan a more concentrated program of intervention:

- Meet with the parents of the child who is biting to discuss possible reasons and plan together to change the biting behavior.
- The child will be closely monitored in order to carry out the plan determined by the parents and staff with the aim of intervening before a biting incident. Staff will give positive attention for acceptable behavior.
- When the child bites, staff will use the techniques listed above and remove the child from the area where the biting took place. Staff will tell the child he or she cannot play in that area when he or she bites. Staff will redirect the child's activities to another area. When it is time to allow the child into the area where the biting occurred, they will say "You may try again to play in the block area. You may not bite our friends."

## Damage to Multilingual Academy's Property

All costs resulting from intentional damage to Multilingual Academy's Property, office, classrooms, materials, and transportation vehicles by students, will be billed accordingly to the child's parent on record, and the child will be suspended from any of our programs until repairs or payment has been submitted. Property damage balances incurred by enrolled students must be paid within a 2 week window, beginning on the date the notification is given to the parent on record (the credit card on file will be automatically charged if payment is not submitted within the 2-week notification window).

## Diaper Changing and Potty Training

### Diaper Changing

If a child is not toilet trained, disposable diapers and wipes are to be supplied by the parent. Regulations state that children under 12 months may not be toilet trained in a group care setting. Multilingual Academy nursery teachers will change all diapers (MUST BE DISPOSABLE). Diapers must provide diapers/changing supplies for their child. The teachers will inform you when your child's diapers are running low.

Multilingual Academy nursery teachers will change diapers according to *Division 2, Diaper Changing of the Minimum Standard for Child-Care Centers*. Parents will receive documentation of diaper changes that take place while in our care, through our Kinderlime app.

By law we are not allowed to apply any ointment during changing without a written consent from the parent. (Please see the front desk if this form is needed and then also, please notify your child's teacher).

### Potty Training

Learning to go to the toilet is one of the most complex and developmental tasks of early childhood. Toilet learning requires specific neurological and physical maturations in the child. When the child is ready, parents and staff discuss the child's individual toilet learning program and work through the process together. While potty training your child, you will be required to bring at least two sets of extra clothing so that we can change your child in case of an accident.

Multilingual Academy teachers will assist with potty training by taking the child to the restroom once every hour. The information will be documented for your knowledge if you want a report.

We ask parents of children who are potty training to bring extra clothes and materials:

- Send 2 EXTRA changes of clothes
- Croc-style plastic shoes
- Additional pull-up training underwear

**Our program does require that in order for your child to be in the preschool 3,4 and 5 classes, he or she MUST be potty trained.**

## Breastfeeding Children

Multilingual Academy has a breastfeeding nook located in the infant room that enables a mother to breastfeed her child while in our care. In addition, parents have the right to provide breast milk for their children. For the safety of the other children in our care, the nursing parent may be required to complete a background check with our center.

## Sleeping Policy

### Safe Sleep for 12 Months and Younger

If a parent requests their infant be placed in a sleeping position or in a device that is not allowed by minimum standard rules, Multilingual Academy must inform the parent of the requirement to have their infant's health care professional complete Infant Sleep Exception, Form 2710, based on the infant's medical needs. Once the parent brings the completed sleep exception form, we will review it to ensure it is complete. Once Multilingual Academy and the infant's caregiver sign the Infant Sleep Exception Form, the sleep exception will be allowed within the time frame outlined by the health care practitioner.

### Children 12 Months and Older

Multilingual Academy will offer scheduled rest/nap times to children in our care according to the developmental and physical needs of each age group/class.

Children 12 month and older will use Plastic/Water proof nap mats, a personal sheet set and blanket (provided by parents during enrollment). These personal items will be returned to parents of each child every Friday or last day of an educational week to be cleaned and sanitized at home. In case of accidents, our center will provide clean mats/sheets/blankets to ensure that all children are able to continue with their nap/rest routines with minimum disruption (and the soiled items will be sent home the same day to be cleaned and sanitized). All personal napping/rest items will be stored in each corresponding child's locker/cubie and will be labeled with the child's name.

### Outdoor Play/Exercise

Outdoor play is an integral part of the daily curriculum. The American Association of Pediatrics recommends and State Licensing requires that children play outside daily. Children who attend are expected to participate in all scheduled activities, unless a physician's medical instructions of limited duration indicate otherwise, and families are responsible to send children with weather appropriate clothes and shoes to participate in outdoor play/activities.

#### Age and weather guidelines:

-Children under two years of age will go outdoors if the temperature is above 37 degrees or below 100 degrees.

-Children over two years of age will go outdoors if the temperature is above 32 degrees and below 100 degrees. Heat index warnings and wind chill factors are taken into account.

\*It is the responsibility of the parents/legal guardians to send their children dressed appropriately for the weather in order to ensure that no clothing limits the child's ability to perform activities outdoors. In addition, parents are responsible for bringing any needed clothing items in case MLA staff requires to do so in order for the student to be able to participate in any activities.

## Meals and Food Service Practices

*Complies with Subchapter Q, Nutrition and Food Service of the Minimum Standard for Child Care Centers*

### Meals

Multilingual Academy Infant and Preschool Programs do not provide meals nor snacks during lunch or dinner time. Parents are responsible for providing nutritional meals for their child. Teachers will encourage children to eat healthy foods first and then dessert foods (ALL FOOD SENT FROM HOME MUST MEET OUR HEALTHY FOOD-HEALTHY CHILD POLICY).

At Multilingual Academy parents MUST provide their children's food every day of their child's attendance. Snacks are scheduled to be serviced two to three times a day, depending on the age and schedule of each class.

### PARENTS MUST SEND DAILY:

#### FOR ALL STUDENTS:

- Easy-to-eat foods (our staff does not cut, cook, prepare, portion, or provide plates or utensils).
- Food must be sent in spill proof containers, each labeled with the child's name (if the parents want to differentiate breakfast/lunch/dinner portions, the parent is responsible to label the food).
- To ensure the safety of your child, please pre-cut all food to the child's appropriate age-size in order to avoid risk of choking (our staff is unable to pre-cut or portion any big-sized fruit, vegetables or other food items. Food that is considered unsafe will be returned home, and the child may be given a different snack to comply with the meal rules of the child care licensing office, and the credit card on file for the child will be charged automatically).

#### Half-Days:

- 1 Meal and AT LEAST ONE snack if your child will be at our Academy for LESS than 5 hours.
- 1 Meal and AT LEAST TWO snacks if your child will be at our Academy for 5-7 hours.

#### Full-Days:

## Food Allergies

The safety and well-being of our students is our number one concern. We must not only keep this in mind during our planned activities, but as well during our meal times. Due to some children's severe allergic reactions to nuts and other food allergens, all children will be required to wash their hands before and after each and every meal time.

*\*If your child has a food allergy please make sure to note it on their registration form as well as provide Multilingual Academy with a copy of the allergies from your child's health care professional. We will also need an emergency plan signed by you and your child's doctor to keep on file, and to give to your child's teacher, along with any medication meant to treat a reaction (i.e. Benadryl, Epi-Pen).*

\*During meal times children with food allergies will be sat separately at a table without any food that is harmful to them.

\*Parents of children with food allergies are required to provide written documentation of the food allergy.

\*If the child is severely allergic to peanuts or any other nuts, it is recommended that parents inform staff not to provide any food as some products served at Multilingual Academy are produced in facilities that may also produce nut products.

Multilingual Academy will not provide any nut products and ask parents to also not provide nut products for their children's meals and snacks.

## Food Service and Preparation

All food and drinks will be of safe quality and will be stored, prepared, distributed, and served under sanitary and safe conditions.

## Emergency preparedness

### Medical Emergency Procedure

Multilingual Academy is extremely concerned and cognizant of our role in correctly managing situations that require first-aid and/or emergency care. Our staff is required to be certified in CPR and basic first-aid training. Specific safety and emergency procedures are posted throughout our facility and within the staff handbook. Fire drills occur once a month and severe weather drills are held each session.

- **Medical Emergency:** In the event of an actual medical emergency, EMS (911) will be called and first-aid protocol will be followed. If transportation is necessary, the program director or director's assistant will accompany the child to the hospital. Parents will be notified by phone at the number specified on the enrollment form and/or sign-in sheet.

### Emergency Drills

In order to teach children safety routines and to be prepared in case of a real emergency, fire drills, weather drills and lock down drills are scheduled throughout the year.

### Evacuation Plan

In the event of an actual evacuation due to fire, severe weather, flooding, terrorist attack, etc., all parents will be notified and given one hour to pick up their children. We will relocate to a safe place and parents will be informed the name and location of the place in order for them to pick up the children. Once relocated, the staff will do a name to face roll call every 15 minutes using the daily attendance records brought from our facility and the director will communicate with CCL, local authorities, and parents using a personal cell phone or landline provided by our place of shelter. In addition, all parent emergency contact numbers, authorizations for emergency medical care, and registration forms will be transported and available for use.

Emergency Preparedness Plan Evacuation routes and relocation plans are posted in every room. Routine drills will be conducted according to licensing requirements, Minimum standards and Licensing Inspection Report. A copy of the Minimum Standards for Child-care Centers is available for review at Multilingual Academy upon request.

## Incidents & Accidents at Multilingual Academy

Precautions will be made to minimize accidents and ensure the safety of the children. We cannot be responsible for injuries that are out of our control which includes, but is not limited to:

- Incidents by one child due to the actions of another child like biting, hitting, pushing, and thrown objects
- Incidents by contact with furniture or objects
- Incidents to fingers from doors and containers
- Accidents while playing indoors and/or in the outdoor play space

If an injury occurs, after tending to the child, the parent will be contacted depending on the severity of the injury. Parents will need to sign the incident report for all injuries, no matter the severity, when the child is picked up. If an incident occurs by one child due to the actions of another child, we cannot give parents information about whom injured whom for confidentiality purposes, but a report will need to be signed.

## Parental Visitation

### *Complies with Subchapter B, 746.201 (7) Administration and Communication of the Minimum Standard for Child-Care Centers*

Multilingual Academy has an open door policy with no need for prior approval for parents and/or legal guardians of our enrolled students. Our center values parental involvement in our students' education, and we firmly believe that academic and emotional growth is supported by the parents' interest in participating in activities such as observing their child in class, our campus, playground and all MLA grounds, as well as program activities scheduled throughout the year on and off campus.

For visitation arrangements for family members or friends, parents must contact MLA administrators and provide the individual's information, fill out a visitation permission form for non-parents, and acknowledge that non-parental visitation will be limited to time/activity according to our MLA staff, in order to ensure the safety and learning experience of all other students.

· In general, for the safety of the children and our caregivers, a copy of each adult's driver license will be required before any tour of our facilities.

o Breast-feeding moms are allowed in the infant room and are encouraged to use our breast-feeding nook at any time. However, we ask mothers to be respectful of the nursery teachers schedules and routines, as well as the child care minimum standards which prohibit parents from attempting to interrupt or alter the activities of the class.

We encourage you to visit and observe your child or have lunch with them. However, young children often have difficulty understanding that when parents come to visit, they must go back to school or work. Please use good judgment when visiting your child, children do outgrow this separation difficulty, and our staff is here to assist you with these transitions.

\*Our best times to come for visitation are open play time and lunch.

**We do ask that while visiting your child you do not distract from any activities going on.**

\*Throughout the year we host events that require parent volunteers. If you are volunteering for a special event you must fill out the event sign up form when it is available. Volunteers are utilized on an as needed basis. We do not accept volunteers as walk-ins. All volunteers will undergo the required background check and FBI fingerprint check at their own cost.

Multilingual Academy is monitored by security cameras. The video from each of these security cameras is saved for 7 days and will be reviewed by management if there are any questions or concerns.
